

WELCOME TO THE GROBOGALLERY

The GroBoGallery is a place for GroBoto users to post their images. This is a very basic Gallery — few bells or whistles.

A few simple rules:

- JPEG only
- There are no limits on image sizes (but note that the Gallery will create scaled versions, and the largest of those will be limited to 950 pixels)
- 10 Megabytes disk space per user

Any image that makes substantial use of GroBoto elements is welcome including:

- GroBoto Renderings
- Other application renderings based on exported GroBoto geometry
- 2D images that incorporate GroBoto elements

We ask that you note which applications were used in the image captions.

Please do not post any sexually explicit or otherwise offensive material. The determination of 'offensive' is ultimately up to the Gallery Administrators.

You must own the rights to any image you post. By posting any image on the GroBoGallery, you assume all responsibility for any copyright infringement. If your images contain copyrighted materials from any third parties, you must obtain permission from those parties.

The Gallery Administrators reserve the right to remove any images.

All artists maintain full copyright to their images. If you are concerned about copyright infringement, we suggest including a copyright mark in your image and/or watermarking.

Thank for sharing you GroBoto creations with the rest of the GroBoto Community.

-The GroBoto Team
